

When it has to be spotless,
choose worry-free.

Costs are on the rise. Regulations are tight. Guest expectations are high.

**You've got enough on your plates.
Leave the warewashing details to us.**

Renting versus buying brings the highest level of clean to your operation. When it has to be spotless, thousands of restaurants depend on Ecolab.

See the difference the Ecolab Dishmachine Rental Program can make to your bottom line.

What Ecolab offers cannot be found anywhere else: **Innovative technology** combined with **the latest chemistry** and the **highest levels of service**, leading to **spotless results** that keep your customers delighted and your kitchen running smoothly.

Technology that simplifies

- **Innovative solutions** streamline your operation
- **Automated procedures** mean consistent results
- **Sparkling wares** protect your reputation
- **High-performing chemistry** keeps your guests and staff safe
- **Strategic insights** optimize the delivery of solutions

THE LATEST INNOVATIONS ARE NOW YOURS

SMARTPOWER™ Solid Chemistry delivers spotless cleaning action, more safety for your employees and is better for the environment.

SMARTPOWER™ Controller tracks operational efficiency. Actionable insights marry the right dishmachine function with the ideal chemistry for consistent results regardless of the conditions.

Commercial Dishmachine with SMARTCYCLE™ utilizes chip technology in the racks, automating the optimal use of water, energy and chemistry to achieve shining results.

Consistently clean – no matter what

No matter the conditions – tough stains, hard water, soft water, labor challenges, you name it – Ecolab makes sure nothing gets in the way of consistently clean wares.

Service you can trust

Around the world, around the clock, we're always nearby. Nobody has more warewashing experts in the field than Ecolab.
