

NALCO Water
An Ecolab Company

BOOST YOUR
PROCESS.
BOOST YOUR
RESULTS.

ENZYME-BASED TECHNOLOGIES
FOR BOARD & TISSUE MANUFACTURING

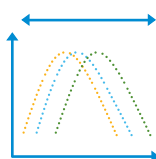

Boost productivity & achieve process improvements with Custom-Engineered Enzymes

To efficiently run your mill, you're constantly monitoring Key Performance Indicators and seeking opportunities to increase productivity while meeting sustainability goals. With our program of enzyme solutions tailored to address your specific needs, we can help you do just that.

Fully Integrated with Your Process

Less Sensitivity to Process Conditions

Broader Activity Window

No Fiber Degradation with Long Contact Time

The Power of a Tailored Solution

We start with a full audit of your process to identify key success criteria for your operation. Then, use this information to develop a custom enzyme solution for your specific furnish and process conditions.

Nalco Water is committed to service excellence.

Your representative will work closely with you to understand your process and goals and help you implement a solution that will maximize your results, optimize your costs and uphold your high safety standards.

 Lignin Modification

 Pitch Control

 Strength

Better fiber. Better paper.

- Safe, simple & effective
- Delivers **strength**
- Preserves fiber **integrity**
- **Performs** in challenging furnishes
- Improves **sustainability** while maintaining product quality

POWERED BY **MetGen**

MetGen is leading the way with sustainable innovations such as novel enzymatic solutions for the most challenging of industrial conditions.

Our enzymes can impact process improvements throughout your mill

Enzymes have a solid history of offering sustainable solutions. Now with our patented technology, we can custom-engineer enzymes for your mill that can help deliver process improvements.

Our solutions are designed to help **increase your operational efficiency, improve sustainability and maintain product quality**. You can rest assured that we will deliver the highest quality water program to benefit your bottom line.

Increase Operational Efficiency

Increase Sustainability Impact

Maintain Product Quality

Ensure Safe Operations

A Powerful Partnership

NALCO Water
An Ecolab Company

Our strategic partnership is uniquely positioned to drive the results you need. We deliver a complete solution for your operation – blending the paper expertise from Nalco Water with enzyme innovations from MetGen.

Contact Nalco Water to learn more about how our solutions can boost your process and deliver the results you want.
