Hand Hygiene

CLEAN WITHOUT A DOUBT.

You're in Good Hands

Good hand hygiene is key to safeguarding the health of your employees. At Ecolab, we've developed a hand hygiene approach that combines effective chemistry with technology and training—making your hand cleaning habits efficient, safe[†] and simple. Seeing CLEAN and Being CLEAN allows your employees to work with confidence and focus.

WHY FOCUS ON HANDWASHING?

33% OF PEOPLE

don't use soap when washing hands¹

95% OF PEOPLE

don't wash their hands adequately.²

THREE DAYS

is the amount of time some germs can live on moist surfaces.³

PLACARDS & PROMOTION

ENGAGE YOUR STAFF WITH CONTINUING EDUCATION.

Educational materials that help inform and encourage staff to keep hand hygiene top of mind
Posters and point-of-use materials that engage employees and guests

DID YOU KNOW?

Pathogens such as influenza or coronavirus can travel **up to 6 feet** when a sick person coughs or sneezes.¹

Handwashing can reduce the risk of respiratory infections by **21%.**²

TAKE 20 SECONDS TO HELP PREVENT THE SPREAD OF COVID-19

HERE'S HOW TO PRACTICE GOOD HANDWASHING:

WET
hands with clean running water, turn off the tap and apply soap.

LATHER
the backs of hands, between fingers and under nails.

SCRUB
for at least 20 seconds.

RINSE
hands well under clean running water.

DRY
hands using a clean towel or air dryer.

IF SOAP AND WATER ARE NOT AVAILABLE,
use an alcohol-based hand sanitizer that contains at least 60% alcohol.

CLEAN HANDS ARE SAFE HANDS.
Contact your Ecolab representative to learn how to help your team practice good hand hygiene.

Proper Hand Sanitizing Procedures
PROCEDIMIENTOS DE SANEAMIENTO

1
Dispense adequate amount of hand sanitizer to fully cover your hands.

2
Rub hand sanitizer to cover the entire surface area of the hands, paying special attention to the area between fingers and around nails.

3
Rub until dry, DO NOT RINSE.

For use between hand washings. If your hands are visibly dirty, or if you have handled food, be sure to wash your hands with soap and water.

Para usarse entre lavados de manos. Si las manos están sucias o si ha tocado la comida, lávese las manos con jabón y agua.
