

ECOLAB® DELIVERS BEST-IN-CLASS

The right products. The best tools. Insights to optimize.
Expertise to drive your success.

Ecolab Digital Solutions

Digital workflows, real-time monitoring, and advanced analytics insights to help you optimize cleaning protocols and use Ecolab products most effectively.

Ecolab Expertise

Steering the entire Total Program engine toward maximum value – matching chemistry and equipment to your needs and acting on digital insights to optimize efficiency.

Ecolab Chemistry

Comprehensive portfolio of targeted solutions to tackle your toughest soils and increase cleaning efficiency.

Ecolab Equipment

Get the most out of Ecolab products with innovative equipment built to drive consistency, efficiency and safety.

EFFICIENCY

Reduce cleaning time to accelerate productivity

PRODUCT QUALITY

Ensure reliable, consistent cleaning.

SUSTAINABILITY

Reduce water & energy usage and minimize waste

COMPLIANCE

Automate documentation & reporting for audit-readiness.

THE PEACE OF MIND OF A TRUSTED PARTNER

- ✓ **Proactive service:** Using data and science to anticipate challenges and stay ahead of risk.
- ✓ **Collaborative approach:** Working as an extension of your team to drive performance and compliance.
- ✓ **Integrated risk visibility:** Insight on complex, interconnected operational challenges.

75%

Technical experts optimized protocols, reducing cleaning time by 75%

CASE STUDY 1

13%

Electronic batch records streamlined processes, reducing batch cycle time by 13%

CASE STUDY 2

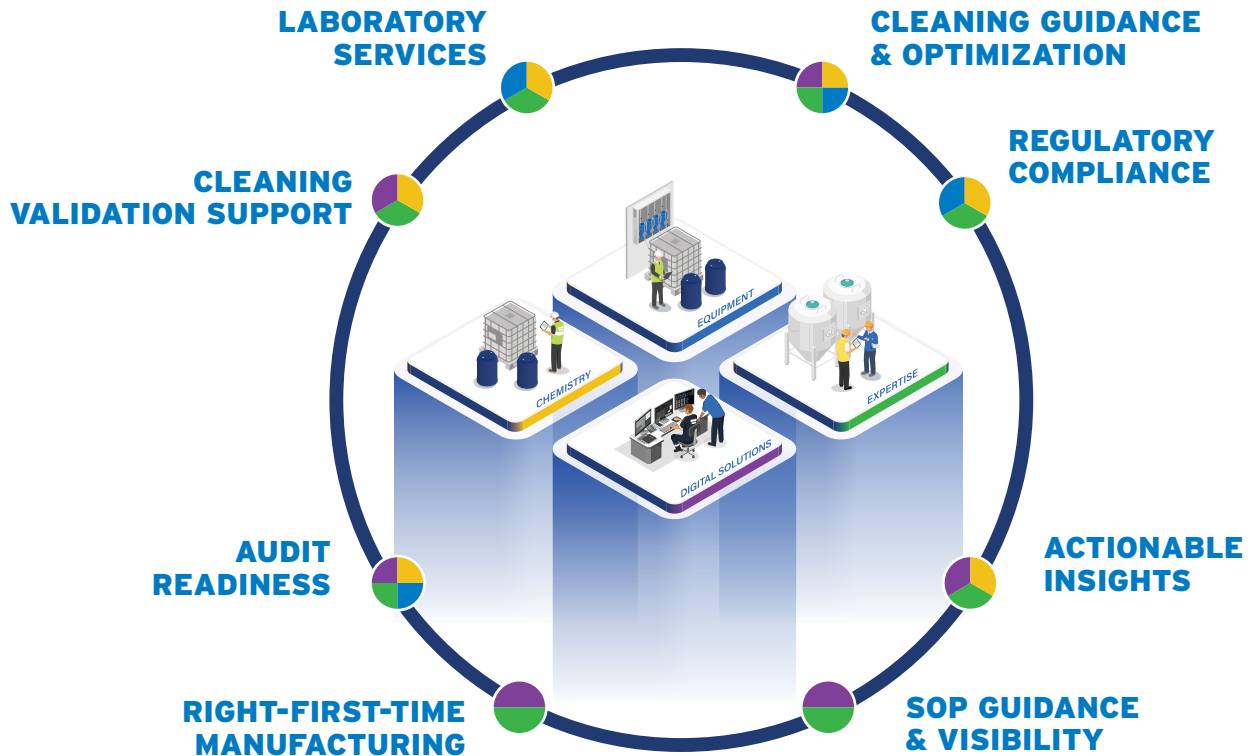

75%

Digital solutions reduced QA record review time by 75%*

CASE STUDY 3

Bringing out the best in your business to achieve greater total value.

Ecolab Life Sciences offers unparalleled cleaning, efficiency and compliance. With industry-leading expertise and data-driven insights, we unlock your full potential, leading to optimized manufacturing performance and reduced risk.

LABORATORY SERVICES
Through advanced studies and testing, our R&D team ensures chemistry solutions are effective against targeted soils and optimized for dilution and temperature— including run trials on your equipment to ensure the solution works in a real-world setting.

CLEANING VALIDATION SUPPORT
Ecolab experts can help ensure compliant validations, and our digital solutions provide required data packages for validation, as well as delivering comprehensive audit trails.

AUDIT READINESS
Ecolab digital solutions enable generation of on-demand documentation and reports to track cleaning tasks and provide justification for validations.

RIGHT-FIRST-TIME MANUFACTURING
Automate processes to reduce errors, streamline data entry, and gain real-time visibility for faster decisions.

CLEANING GUIDANCE & OPTIMIZATION
Our experts make on-site visits to evaluate operations, using insights from our digital solutions to find efficiencies in cleaning steps and processes and recommend specialized detergent solutions to help make cleaning more effective and efficient.

REGULATORY COMPLIANCE
Our experts can help meet compliance through a deep understanding of cGMP standards, ensuring equipment is metering the appropriate chemistry concentration, leveraging registered chemistry along with CFR part 11-compliant software.

ACTIONABLE INSIGHTS
Gain visibility into operations and equipment to improve efficiency by evaluating every part of the process, ensure process is running smoothly, and optimize cleaning maximize capacity.

SOP GUIDANCE & VISIBILITY
Digitize SOPs to enable real-time tracking, self-enforcing workflows, and operator guidance with embedded visuals with our digital solutions. Our experts can also provide guidance on creating new SOPs or updates to existing ones.
