# KENOTEK

Creating that clean, new, protective sensation at every wash is the very core of our profession. The gloss and shine of the bodywork is a living testimony! We want vehicles to shimmer! That's why we create products for every step in the washing process and every situation. Tools to create sensation for all involved in the industry.

Magic happens when our chemicals touch the bodywork of the vehicle.

As a trusted partner for vehicle care and transport professionals we create a complete and userfriendly concept to help them offer a high quality program to their end-customers. We always stay ahead by thinking along with our clients, to come up with the solutions they truly need.

Premium quality products backed by far reaching service and continuous support create a sensational return on investment for our partners worldwide.

**RAZOR FOAM XXL**

Concentrated strong foaming alkaline cleaner

- Can be used via an XXL power foam gun, in selfwashes and wall of foam
- Strong degreasing power
- Highly biodegradable
- Fresh lychee perfume

23 - 1100KG

**KENO 4000**

Powerful alkaline exterior cleaner

- double concentrated
- NTA and phosphate free
- high foaming action
- easy to rinse off
- unique blend of surfactants
- lime fresh perfume
- VDA Class A conform

5 - 20 - 210 - 1000L  
MOQ

**ANTI INSECT**

Powerful insect remover

- removes fast and effortless all insects
- to use on the bodywork and windscreens
- suitable as prewash
- caustic free
- fresh lime perfume

20L

**GLOBO 3600 PLUS**

Concentrated alkaline universal prewash

- alkaline exterior cleaner
- appropriate for all vehicles
- removes easily road grime
- NTA and phosphates free
- fresh lime perfume

20L

**GLOBO 3600**

Concentrated alkaline universal prewash

- alkaline exterior cleaner
- appropriate for all vehicles
- removes easily road grime
- NTA and phosphates free

5 - 20 - 210 - 1000L

**BIOTEK PREWASH**

Concentrated alkaline prewash

- powerful but safe: VDA "A"- Class
- approved
- nice, freshly fragranced

20 - 210L  
MOQ

**ACTIVE SENSATION FOAM**

Alkaline active colored foam

- Alkaline XXL foam
- Color disappears while rinsing
- Bright purple foam effect
- Sweet perfume experience

20L

**GLOBO 2000**

Alkaline, high foaming exterior cleaner

- low alkaline exterior cleaner
- high foaming
- excellent use for foam brush
- in self wash
- bubble-gum perfume

20 - 210 - 600 - 1000L  
MOQ

**JET CLEAN SUPER**

Alkaline degreaser for heavy grime on vehicles

- alkaline prewash and alkaline
- wheel cleaner
- heavy-duty cleaning agent
- strong degreaser
- low foaming
- removes copolymer from new cars

25 - 210 - 1000KG

**BLITZ CLEAN**

Economic alkaline exterior cleaner

- alkaline cleaner
- foaming action
- suitable for all vehicles

20 - 210 - 1000L

**CP SENSATION POWDER**

Extreme concentrated alkaline carwash powder

- sensational cleaning power
- sensational foaming capacities
- sensational perfume
- low consumption
- suitable for use in soft and hard water
- Kenolon perfume

20KG

**CP 3410**

Carwash powder for selfwashes, intense green apple perfume

- concentrated alkaline carwash powder
- for automatic dosing systems
- good foaming power
- high sequestrating power
- easy to rinse off
- micro powder for easy solubility
- suitable for use in soft and hard water
- very intense green apple perfume

25KG

**CP 3440**

Carwash powder for selfwashes, bubble gum perfume

- concentrated alkaline carwash powder
- for automatic dosing systems
- good foaming power
- high sequestrating power
- easy to rinse off
- micro powder for easy solubility
- suitable for use in soft and hard water
- with sweet perfume

25KG

**CP 2440**

Carwash powder for selfwashes, fresh lemon perfume

- low phosphate level
- high sequestrating power
- easy to rinse off
- micro powder for easy solubility
- suitable for use in soft and hard water
- fresh lime perfume

25KG

**BIOTEK WHEEL CLEANER**

- Concentrated alkaline wheel cleaner
- removes efficiently and fast the combined dirt film composed of oils and brake dust on wheels
  - free of acid
  - water recycling unit safe

20L

**BIOTEK ALU CLEAN**

- Concentrated acidic wheel cleaner
- removes efficiently stubborn brake dust from wheels
  - non-toxic
  - suitable for cleaning of the carwash construction
  - water recycling unit safe

20L

**X-TRA 4200**

- PH neutral wheel cleaner and fall out remover
- highly effective pH neutral wheel cleaner
  - fall-out remover
  - color marking on the dirt (visual effect)
  - safe to use

5 - 20 - 1000L  
MOQ

**WHEEL CLEANER EXTREME**

- Extreme strong, concentrated acid free wheel cleaner
- extreme strong and concentrated
  - extreme efficient in the removal of all brake dust on rims
  - extreme soaking power
  - extreme cost efficient
  - 100% bio-based surfactants
  - water recycling unit safe

25 - 1200KG

**X-TRA 3300**

- Acid free wheel cleaner
- strong and concentrated rim cleaner
  - free of acid
  - removes efficiently grease and brake dust

5 - 20 - 210 - 1000L

**ACID PRO CLEANER**

- Acid cleaning product
- acid cleaning product that cleans and renovates multiple surfaces
  - removes deposits and brake dust on Aluminum
  - non-toxic! Without hydrochloric and -fluoric acid

5 - 20 - 200 - 1000L

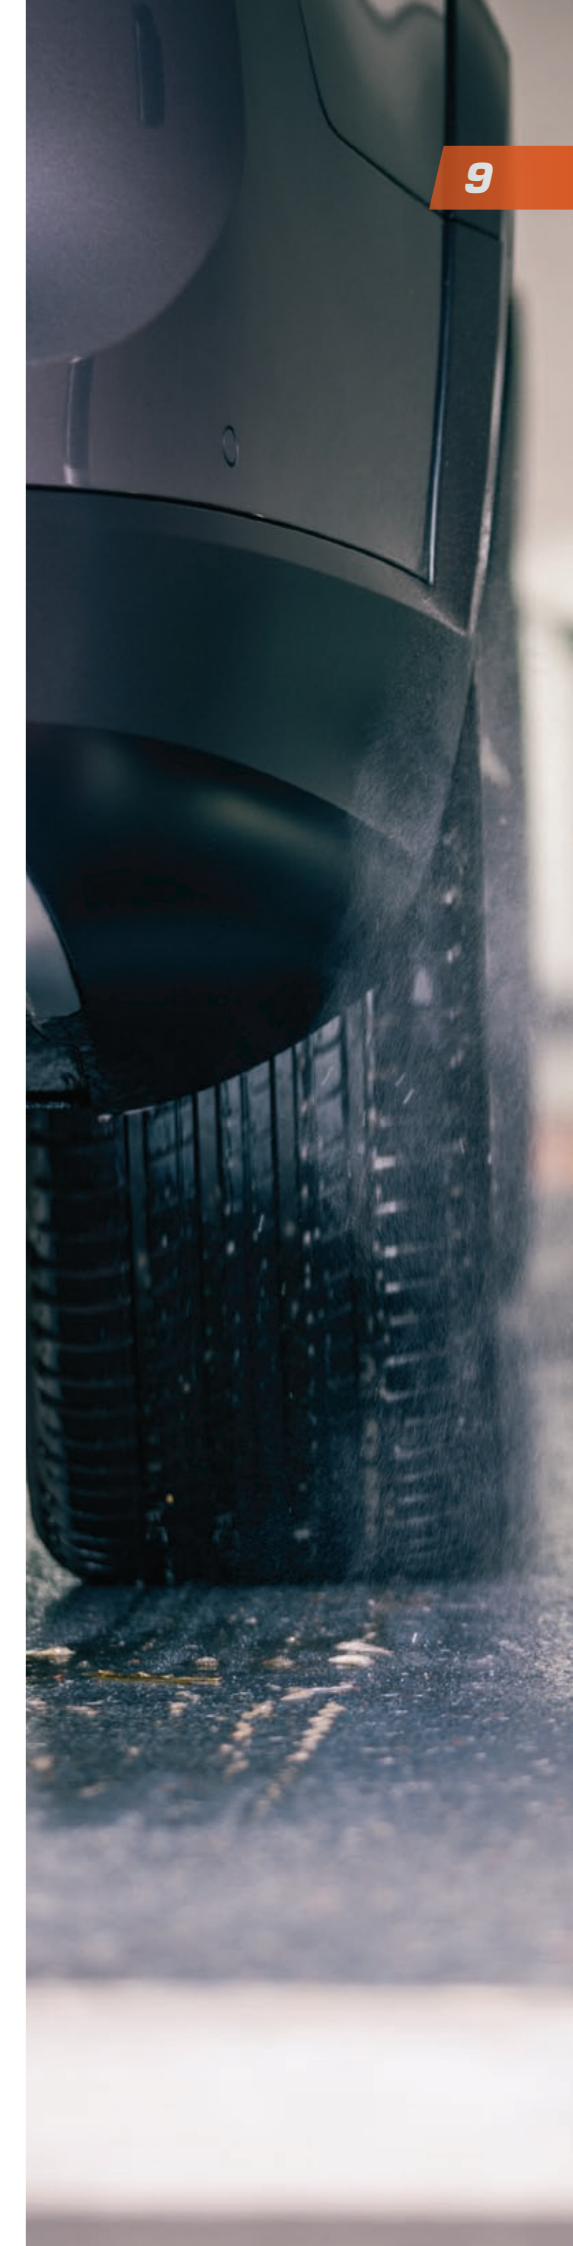

**PRO 50**

- Cleaning and renovation of aluminium parts
- acid cleaning product
  - removes light mineral deposits
  - suitable for cleaning of delicate alloy
  - nice fragrance
  - user friendly

20L

★★★★★  
**PLATINUM**  
**CAR-WASH**

**KENOTEK**

**CRYSTAL SHAMPOO**

- Foam polish shampoo
- Gloss shampoo & foam polish
  - improved beading effect
  - accelerates and improves drying result
  - Kenolon perfume

20L

**ACTIVE FOAM CHERRY**

- Acid activated high foaming shampoo
- slightly acid activated shampoo
  - high foaming
  - easy to rinse off
  - neutralizes alkalinity on the vehicle to improve the drying result
  - intense cherry fragrance

20L

**BIOTEK SHAMPOO**

- Concentrated machine shampoo
- strong foaming action
  - neutralizes pH on the vehicle
  - keeps washing materials, constructions and hall longer clean,
  - compared to conventional products
  - neutralises bad smells
  - nice, freshly fragranced
  - balances pH in the water recycling unit

20L

**BIOTEK SUPER FOAM**

- High foaming neutral shampoo
- very strong foaming action
  - suitable for wall of foam and brushes
  - keeps washing materials, constructions and hall longer clean
  - neutralises bad smells
  - water recycling unit safe
  - nice, freshly fragranced

20L

**OMEGA ULTRA FOAM**

- Concentrated Brush shampoo
- strong foaming action
  - neutralizes pH on the vehicle
  - balances pH in the water recycling unit
  - keeps washing materials, constructions and hall longer clean
  - Kenolon perfume

20L

**BRILLIANT WASH**

- High quality pH neutral shampoo with gloss effect
- high quality gloss shampoo
  - water repellent, with wax effect
  - soft for the hands
  - low foaming
  - grapefruit perfume

1 - 5 - 20L

  - XXL foam / lava foam
  - Ultra concentrated
  - VDA Class A

20L

**FOAM SENSATION**

- pH neutral high foaming shampoo
- Intense perfume experience
  - XXL foam / lava foam
  - Ultra concentrated
  - VDA Class A

20L

**CERAMIC DURA SHIELD**

Polish & Foam Wax

- High-Tec gloss ceramic sealant for automatic car washes
- Extremely glossy, high-quality protective ceramic film
- Optimum all-round protection with a water run-off effect

20L

**KENOLON FOAM POLISH**

Concentrated foam polish with renovating effect

- ultra concentrated
- unique gloss components
- good foaming, can also be used on the wall of foam
- smoothens out the surface
- Kenolon perfume

20L

**CAR FOAM EXTRA**

PH neutral foaming shampoo with fragrance

- triple concentrated
- pH neutral shampoo
- high foaming
- economic in use
- intense green apple fragrance

20L

**CAR FOAM**

PH neutral shampoo

- concentrated pH neutral shampoo
- high foaming
- for manual and automatic car washing
- fresh lemon perfume

20L

**KENOLON SENSE**

High foaming shampoo for wall of foam

- high foaming
- gloss enhancing
- multifunctional use (wall of foam/brushes)
- low consumption, also on very hard water
- Kenolon perfume

20L

**BIOTEK FOAM POLISH**

Concentrated foam polish

- good foaming action
- gloss enhancing effect
- long lasting and deep gloss
- nice, freshly fragranced
- gives an added-value to your wash
- programs

20L

**POLYMER FOAM POLISH**

Concentrated foam wax / polish

- Improves gloss
- Milky foam
- long lasting paint protection
- coconut fragrance

5 - 20L

**Wax**

A chemical designated to leave a thin protective layer on the cars bodywork. This protects the car from external influences like UV-rays, road-salt, bird droppings, ..

**Drying agents**

- First and most commonly used is the beading-effect, the water film breaks open in smaller droplets. These droplets are easily evacuated with the dryer of an automatic roll-over or conveyor carwash. The used water quality should be preferably soft (max. 5°dH).
- The second option is the sheeting-effect. A drying agent using this effect doesn't make small droplets. In this case the water film comes down slowly, and in one 'sheet' from the car. This composition binds the minerals in the water and evacuates them to have a spotless rinse.

**CERAMIC INTENSIVE WAX**

- High concentrated protective wax
- Creates a very high contact angle for superb beading effect
  - Ensures an incomparable shiny gloss and smoothness effect
  - Creates a protective shield against weather influences

20L

**KENOLON PROTECTOR**

- Concentrated high-gloss protector
- extremely concentrated gloss protection
  - long-lasting protective shield
  - renovation effect
  - advised as a foam wax
  - Kenolon technology II
  - dirt and UV repellent shield
  - ensures a deep long-lasting gloss

20L

**PLATINUM WAX**

- Conservation wax
- high concentrated protective wax
  - ensures a long lasting gloss
  - dirt and UV repellent shield
  - free from mineral oils
  - suitable for use in hard and soft water
  - works well at high speed washing

20L

**BIOTEK WAX**

- Concentrated wax
- gives an outstanding gloss and protection
  - to the paintwork and plastics of a car
  - suitable for use in hard and soft water
  - good results, even at a high washing speed
  - available for limited time

20L

**POLYMER HARDWAX**

- High quality concentrated wax for all carwashes
- strong concentrated gloss wax
  - contains hi-tech polymers
  - suitable for all car wash systems
  - reduces the formation of micro drops
  - pleasant perfume

20L

**QUICK WAX**

- Silicone free economic gloss dryer
- economic gloss wax dryer
  - foaming
  - free from mineral oils and silicone
  - pleasant pine perfume

25L

**SPEED DRYER**

- Concentrated gloss dryer
- perfect for fast car wash chains
  - innovative formula for quick drying result.
  - increased beading effect
  - Free from mineral oils

20L

**BIOTEK DRYER**

- Concentrated gloss dryer
- Ultra fast beading for high speed washing
  - suitable for use in hard and soft water
  - good results, even at a high washing speed
  - hydrophobic effect on the car
  - avoids microdrops

20L

**DIAMOND DRYER**

- Concentrated High speed gloss dryer
- gives a long remaining, mirror glaze to the paintwork
  - suitable for use in hard and soft water
  - good results, even at a high washing speed
  - speed
  - hydrophobic effect on the car
  - avoids microdrops

20L

**SHINE DRYER PLUS**

- High performance drying agent
- assures an optimal drying effect and windows without smearing
  - compatible for different types of water hardness
  - designed for high-speed washes with short drying zones

20L

**TOP WAX 80**

- Economic drying agent with gloss improving effect
- economic drying agent
  - immediate beading effect and gloss
  - free of petroleum derivatives

20L

**BLUE BRILLIANT POLISH**

- Strong concentrated 3-in-1 wax dryer
- concentrated gloss wax dryer
  - dries, shines and gives a good paintwork protection
  - suitable for PDI centers
  - free from mineral oils and silicone

5 - 20L

**AQUA RINSE**

- Drying agent with sheeting effect
- concentrated drying agent
  - sheeting effect
  - binds minerals for a spotless drying result
  - applied with low pressure

20 - 1000L

**A properly balanced Sinner circle provides the best washing results.**

Chemicals, mechanical power, time and temperature represent the four principle factors that determine the success of a wash. These four factors, also known as the 'Sinner circle', are represented in the shape a circle. The 4 factors influence each other and can change in size. When using machines for instance, the mechanical factor will be larger and the other three smaller. The results depend on these factors, also when cleaning vehicles:

- **Chemicals**  
This refers to the concentration of cleaning agent used. All chemical elements such as active substances on the surface and pH values have an influence. The pH value says more about the concentration of the acidic, neutral or alkaline properties in a water solution. The pH value varies between 0.0 and 14.00, where 0.0 is the strongest acidic level represented, and 14.0 is the strongest alkaline value. Moreover, the pH value can only be measured in a water solution.
- **Time**  
The time that a chemical (the cleaning agent) takes to work into the dirt.
- **Temperature**  
The temperature level influences the cleaning process (e.g. hot or cold water).
- **Mechanical power**  
In the form of a water jet from a high pressure cleaners and/or brushes.

**TOP SELLER**

**CARGO 4100 FORTÉ**

- Unique touchless cleaning product
- extra strong and concentrated
  - good foam coverage for better contact with the vehicle
  - cleans oil, grease, insects and static road film
  - 3 in 1: bodywork degreaser, alkaline wheel cleaner and insect remover

5L - 23 - 240 - 1200KG

**CARGO 3700**

- Touchless washing alkaline exterior cleaner
- extremely concentrated
  - powerful alkaline exterior cleaner
  - high foaming with superior clinging capacity
  - removes effortless mineral and greasy combined roadfilm
  - pioneer in touchless washing

25 - 240 - 110KG

**CARGO 3500**

- Concentrated alkaline cleaner
- low to medium foaming capacity
  - suitable for use in hard water
  - suitable for all vehicles
  - VDA-certified product
  - biodegradable

5 - 25 - 210 - 1000L

**CARGO 3000**

- Indirect food contact certified alkaline exterior cleaner
- concentrated alkaline exterior cleaner
  - high foaming
  - strong degreasing capacity
  - and protein removal
  - removes efficiently traffic film and greasy dirt
  - suitable for indirect food contact applications

5L - 26 - 230 - 1000KG

**CARGO 2900**

- High alkaline concentrated cleaner
- low to medium foaming capacity
  - suitable for use in hard water
  - suitable for all vehicles
  - VDA-certified product
  - biodegradable

25 - 210 - 1000L

**CARGO 2800**

- Concentrated alkaline exterior cleaner
- concentrated alkaline exterior cleaner
  - efficient degreaser
  - foaming action
  - also used for tarpaulin cleaning

25 - 210 - 1000L

**CARGO 2500**

- Concentrated alkaline exterior cleaner
- alkaline cleaner
  - foaming action
  - suitable for all vehicles
  - contains ingredients that are recognized in food industry, in the cleaning operations
  - (HACCP methodology)

25 - 210 - 1000L

**TRANSLINE +**

- Concentrated alkaline exterior cleaner for heavily soiled vehicles
- alkaline cleaner
  - very strong degreasing capacity
  - good foaming action
  - lime perfume

26 - 240 - 1000KG

**EASYWASH FOAM SET**

- User friendly foaming equipment
- easy to install & use with high pressure machine
  - good white milky foam that has good contact on the vehicle
  - dillutes automatically
  - time & cost saving
  - 2 types:
    - Kärcher
    - Kränzle/Nilfisk

BY KENOTEK

Biological

Technical

Chemical

- ✔ restore the biological balance
- ✔ save money, water, time and energy
- ✔ improved biodegradability of the chemicals
- ✔ removes bad odors
- ✔ clarifies recycling water
- ✔ optimisation of the water recycling unit
- ✔ premium washing results
- ✔ intense fragrance

### TRANS BETON

Industrial concrete and limestone remover

- strong acid cleaner
- concentrated
- removes limestone and cement deposits

25 - 220KG

### POWER DEGREASER

High-quality degreaser, tar- and glue remover

- emulsifying, industrial cleaner and degreaser
- based on petroleum distillates and surfactants
- specifically developed for the removal of oils and fats
- very user-friendly and safe to use due to high flash point
- contains a nice perfume

10L

### TAR & GLUE REMOVER

Solvent based glue and tar remover

- strong remover
- ready to use
- non corrosive

5L

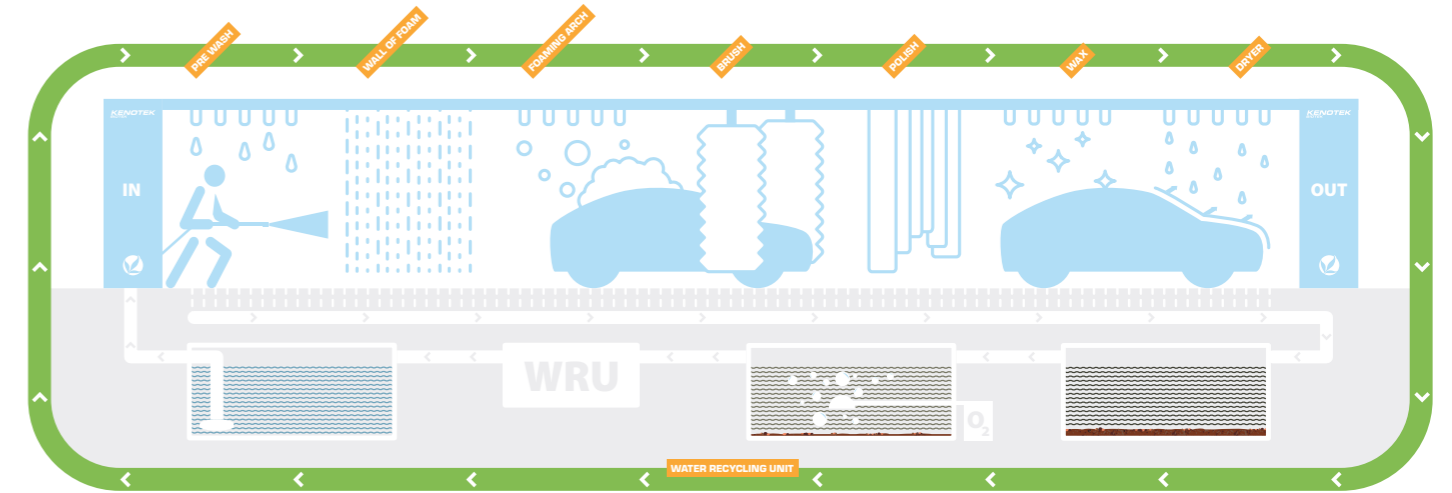

KENOTEK

KEEP YOUR CARWASH  
PURE AND FRESH

**Biotek** is a range specifically for carwashes equipped with a water recycling unit. Environmental legislations become more and more demanding and therefore the monitoring of the water consumption and verifying the water quality will be a daily routine in the nearest future, important for all car- & truck wash owners. With **Biotek**, Kenotek succeeded in creating a high qualitative product range with a perfect balance between good bacteriology, chemicals and efficiency.

### WATER RECYCLING UNIT

**BIOTEK START**  
Additive to be dosed in the water recycling system

- suppresses bad odours in water reclaim systems
- effective within 2 to 4 days
- easy to dose when starting up with the Biotek products

20L

**BIOTEK BOOSTER**  
Additive to be dosed in the water recycling system

- brings problematic water reclaim systems back in balance
- adds microbiology into the water recycling unit
- clarifies recycling water

5L

### PRE WASH

**BIOTEK PREWASH**  
Concentrated, alkaline prewash

- powerful but safe: VDA "A"-Class approved
- nice, freshly fragranced

20 - 210L

**BIOTEK WHEEL CLEANER**  
Concentrated, alkaline wheel cleaner

- removes efficiently and fast the combined dirt film composed of oils and brake dust on wheels

20L

**BIOTEK ALU CLEAN**  
Concentrated, acidic wheel cleaner

- removes efficiently and fast, the most stubborn brake dust from wheels
- non-toxic

20L

### WALL OF FOAM

**BIOTEK SUPER FOAM**  
Concentrated polish-shampoo

- very strong foaming action, suitable for use on lava-arches
- keeps washing materials, constructions and hall longer clean, compared to conventional products
- neutralises bad smells
- nice, freshly fragranced

20L

### FOAMING ARCH

**BIOTEK SHAMPOO**  
Concentrated machine shampoo

- strong foaming action
- neutralizes pH on the vehicle
- keeps washing materials, constructions and hall longer clean, compared to conventional products
- neutralises bad smells
- nice, freshly fragranced
- balances pH in the water recycling unit

20L

### POLISH

**BIOTEK FOAM POLISH**  
Concentrated foam polish

- good foaming action
- gloss enhancing effect
- long lasting and deep gloss
- nice, freshly fragranced
- gives an added-value to your wash programs

20L

### WAX

**BIOTEK WAX**  
Concentrated wax

- gives an outstanding gloss and protection to the paintwork and plastics of a car
- suitable for use in hard and soft water
- good results, even at a high washing speed

20L

### DRYER

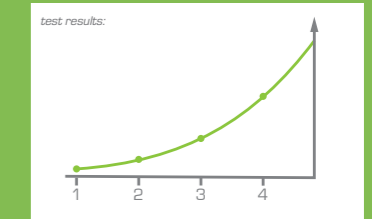

**BIOTEK DRYER**  
Concentrated gloss dryer

- gives a long remaining, mirror glaze to the paintwork
- suitable for use in hard and soft water
- good results, even at a high washing speed
- hydrophobic effect on the car
- avoids microdrops

20L

### Recycled water

With the Biotek range we succeeded to suppress bacteriology responsible for causing bad odours in water recycling systems. A perfect balance between good bacteriology, chemicals and efficiency while keeping and even stimulating bacteriology that helps water purification in a positive way.

**Water test**

Recycling water often has an unwanted dark color and unpleasant smell. These inconveniences can be caused by many things; overloading the system with dirt, the wrong choice of chemicals, a lack of oxygen or an undersized recycling set-up.

Dirty recycled water means dirt coming back to your carwash, causing blocked nozzles, dirt deposits on washing materials, walls, floors and constructions, etc. A bad smell of the water, gives an unwanted negative experience for the customers visiting your carwash.

With Biotek we can help you on a relatively short time, to overcome these problems.

**BIOTEK START**

Additive to be dosed in the water recycling units

- suppresses bad odours in water recycling units
- effective within 2 to 4 days
- easy to dose when starting up with the Biotek products

20L

**BIOTEK BOOSTER**

Additive to be dosed in the water recycling units

- brings problematic water recycling units back in balance
- adds microbiology into the water recycling units
- clarifies recycling water

5L

**FLOC +**

Flocculant

- flocculant for waterrecycling units
- neutralises bad smells
- clarifies water

20L

**FLOC ULTRA**

Flocculant

- fast action
- for use in all water recycling units
- neutralises and prevent bad smells

20L

**ANTI-FOAM**

Neutralises foam in waterrecycling units

- foam inhibitor
- additive for recycling water

25 - 200KG

**PEROXOCLEAN**

Stabilized hydrogen peroxide for water recycling systems

- stabilized hydrogen peroxide

20L\*

**KENOCID 2100 5%**

Combined disinfectant for recycling water

- combined disinfectant
- non-foaming

10 - 25KG \*

**KENOTEK**  
**PRO**

**CERAMIC WASH**

Shampoo enriched with SiO2 and polymers

- excellent hydrophobic quality
- non-sticking effect
- gloss booster
- perfect sealing due to the addition of SiO2 and polymers
- lifetime of 1 month

500ML - 5L

**SNOW FOAM SHAMPOO**

Highly concentrated neutral foam shampoo

- safe on all surfaces & hands
- doesn't attack wax, coatings nor sealants
- intense green apple perfume
- thick creamy foam
- can be applied manual, with a HP foam gun and foam injector

1L

**BRILLIANT WASH**

High quality pH neutral shampoo with gloss effect

- high quality gloss shampoo
- water repellent, with wax effect
- soft for the hands
- low foaming
- grapefruit perfume

1 - 5 - 20L

**ANTI INSECT**

Powerful insect remover

- removes fast and effortless all insects
- to use on the bodywork and windscreens
- suitable as prewash
- caustic free
- fresh lime perfume

1L

**WHEEL CLEANER**

Strong RTU wheel cleaner

- strong cleaner for rims
- removes black deposit and road grime
- safe to use

1L

**WHEEL CLEANER ULTRA**

pH neutral wheel cleaner and fall out remover

- highly effective pH neutral wheel cleaner
- fall-out remover
- color marking on the dirt (visual effect)
- safe to use

1L

**INTERIOR CLEANER**

Interior cleaner RTU

- cleans thoroughly upholstery
- can be used on textile, plastic, leather,...
- removes the most stubborn stains
- pleasant perfume

1 - 20L

**GLASS CLEANER**

Efficient glass cleaner, without smearing

- fast glass cleaner
- cleaning without smearing
- alcohol based
- removes efficiently nicotine and air-conditioning deposit
- ammonia free

1 - 20L

**TEXTILE CLEANER**

Concentrated textile cleaner

- super efficient cleaning
- cleans thoroughly upholstery
- can be used on textile, plastic, leather,...
- removes the most stubborn stains
- pleasant perfume

10L

**TYRE & PLASTIC GLOSS**

High quality plastic and tyre renovator

- provides a deep gloss on all external bumper-, rubber- and plastic surfaces
- can also be used as an engine dressing
- for use on all types of vehicles

1L

**TYRE DRESSING**

Revitalises tires and plastic parts

- revitalises tires and plastic parts
- longlasting high-gloss effect
- water and grime repellent
- ready to use

5 - 20L

**CONCENTRATED TYRE GLOSS**

Concentrated tyre renovator without silicones

- renovates tyres and exterior plastic parts
- free from silicone and solvent
- body shop conform
- concentrated & perfumed
- VOC free

5L

**MULTI D**

All purpose cleaner - degreaser

- effortless removal of nicotine, ink, oil, etc.
- multi-functional use
- grapefruit perfume

5 - 20 - 1000L

**SHOWROOM SHINE**

Quick spray wax

- revitalises the bodywork
- gives a deep gloss to the paintwork
- removes fingerprints and dust
- cleaning without water
- can be used on all hard exterior surfaces of a vehicle
- fast drying
- easy to use
- sweet peach perfume

1 - 5 - 1000L

**POLISH & WAX**

Two-in-one polish

- removes impurities and small scratches
- ensures a deep gloss and high-end protection
- can be applied manual or automatically
- easy to use
- pleasant perfume

400ML - 5L

**VINYL & LEATHER CONDITIONER**

Renews plastics and leather

- give your interior a boost
- renews plastic and leather
- ready to use

1 - 5 - 20L

**LEATHER CREAM**

Professional leather cream

- professional leather cream
- cleans, protects, feeds and enhances the lifetime of the leather
- contains high quality raw materials
- 'new leather' perfume

400ML

**CONCENTRATED KENO DRESSING**

Concentrated renovator for interior and exterior use

- ultra concentrated
- renews plastic, vinyl, tires, motor parts, etc.
- gloss booster
- anti static
- no perfume

5L

**DASHBOARD CONDITIONER**

Dashboard wet-wipe

- wet-wipe which renews plastic and leather
- gloss booster
- anti static
- pleasant perfume

1 BOX = 300 PCS

**GLASS CLEANER**

Glass cleaner wet-wipe

- fast glass cleaner wet-wipe
- cleaning without smearing
- alcohol based
- removes efficiently nicotine and air-conditioning deposit
- ammonia free

1 BOX = 300 PCS

**AFTERCARE BAG**

Premium aftercare bag

- can contain 4 pieces of Kenotek 500ml or 1L bottles of choice

1 BOX = 12 PCS

**APPLICATOR PAD**

Microfiber applicator pad for coatings and sealants

- guarantees an even distribution
- great maneuverability due to handpocket
- soft touch

PACKAGED PER 5 240 PIECES/BOX

# KENOTEK

## COAT IT

**AVAILABLE NOW!**

## EAT RANGE

**KENOTEK CORRECTION SYSTEM**

is the result of a developed research on the latest generation of water-based compounds & polishes, the high viscosity and innovation of **Engineered Abrasive Technology** enabling results that were previously unimaginable. The products are characterized by ease of use, fast results, great performance and a glossy finish. Little product is enough to work on wide surfaces for a long time, even with strong pressure. Using the polisher with the correct pad emphasizes the powerful abrasive action of the product, easily removing paint defects, deep scratches and imperfections.

# PREMIUM COATINGS

## FORCE<sup>2</sup>

2 components hydro- and oleophobic treatment for vehicles

- 100% active substances
- 9H Extreme hardness
- Excellent hydrophobic quality: contact angle water exceeds +120°
- Non-sticking effect
- Smooth surfaces to minimize micro scratches
- Improved resistance against stains of water
- Silksmooth surface
- Lifetime of 60 months

50 + 100ML

## CAMIQ

Hydro- and oleophobic treatment for vehicles

- 80% active substances
- 9H Hardness
- Excellent hydrophobic quality: contact angle water exceeds 110°
- Non-sticking effect
- Smooth surfaces to minimize micro scratches
- Improved resistance against stains of water
- Lifetime of 36 months

50ML

## FLEXO

Hydro- and oleophobic treatment for vehicles

- 7H Hardness
- Excellent hydrophobic quality: contact angle water exceeds 105°
- Non-sticking effect
- Smooth surfaces to minimize micro scratches
- Improved resistance against stains of water
- Lifetime of 18 months

### Kenotek Coat'it

The core of our profession is to generate a sensation of the pure, new and protective character with every treatment. The gloss and a shine body work is the living proof of that! Our job is to let vehicles shine in all glory! That is why we, KENOTEK, develop products for every step in the process. In short, a full product range that provide a sensational experience for everyone in the industry.

There is magic when our products come into contact with the body work and that is what we always strive for.

As a reliable partner for professionals, active in the car care industry, we have developed a complete and user-friendly concept. So that you, as customer, are able to offer a high-quality program to the end-user.

We always stay one step ahead by thinking along with our partners and thus arriving at concrete solutions.

Strong quality products combined with extensive service and ongoing support ensure a sensational return on investment for all our partners worldwide.
