

# DRAIN PROGRAM PRODUCT COMPARISON

## Sanitizing Wash 'n Walk™

**Target Drain Area:**  
Floor Drain

### Problem Indicators:

- ▲ Foul odors near floor drains
- ▲ Fruit flies in/near floor drains

### Benefits:

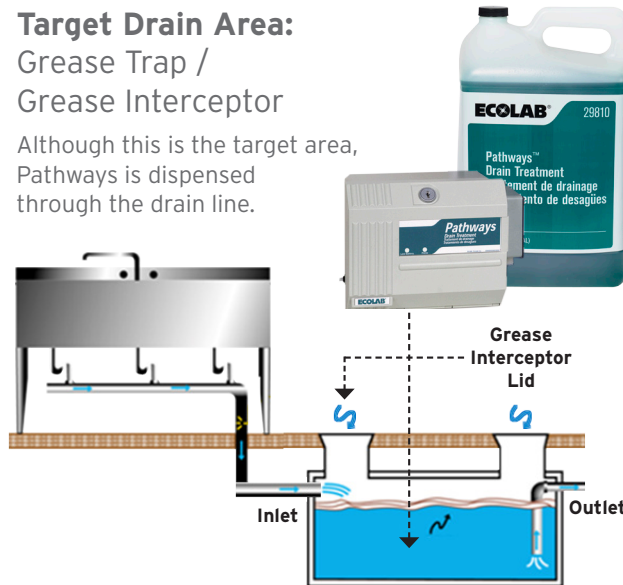

- ▲ Cleans and sanitizes floor drains
- ▲ Kills odor causing bacteria
- ▲ Reduces feeding and breeding grounds for fruit flies
- ▲ Enzymatic floor cleaner specifically formulated to cut kitchen (food service area) grease
- ▲ Proven to increase the coefficient of friction thereby reducing risk of slips and falls

EPA Registered: EPA Reg. No. 1677-239

## Pathways™ Drain Treatment

**Target Drain Area:**  
Grease Trap /  
Grease Interceptor

Although this is the target area, Pathways is dispensed through the drain line.

### Problem Indicators:

- ▲ Foul odors from grease interceptor lids in/near restaurant
- ▲ Overflowing grease interceptor lids in/near restaurant

### Benefits:

- ▲ Helps reduce grease, fat and food particle build-up in drain lines
- ▲ Helps minimize drain clogs, overflows and hassles
- ▲ Helps reduce expensive pumping and other plumbing costs\*
- ▲ Provides daily automatic dosing treatment
- ▲ Readily biodegradable at use dilution

\*\$2,100 average annual cost to pump out a grease interceptor vs \$494 average spend on Pathways

## Pathways™ Beverage Drain Control

**Target Drain Area:**  
Beverage Tower, Espresso Machine, Blended Ice and Shake Machine Drains

### Problem Indicators:

- ▲ Foul odors near beverage station area
- ▲ Backed up drains

### Benefits:

- ▲ Dissolves clogs in beverage tower drain lines
- ▲ Regular use helps maintain clean drain lines
- ▲ Helps reduce emergency plumbing costs when used regularly
- ▲ Ready-to-use non-corrosive formula does not require the use of PPE
- ▲ Biodegradable and contains no caustic ingredients or phosphates

## Sanitizing Wash 'n Walk + Pathways Drain Treatment → How they work together

If you have problems related to either product (flies and odors) as well as a clogged drain, your solution is to use both Sanitizing Wash 'n Walk and Pathways Drain Treatment together to ensure a holistic treatment.
