

Where positive resident experience meets operational excellence.

ECOLAB SENIOR HOUSING PROGRAM

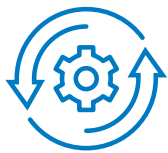

A cleaning and environmental hygiene program designed for senior housing communities.

Protect what matters most — every day.

Residents and their families trust you with their lives and loved ones. When operations run smoothly, residents experience a safe, consistent and dignified daily life.

Our streamlined systems help your care teams deliver.

Keep Daily Routines Running Smoothly

Make daily cleaning and hygiene tasks easier — and easier to manage — even with evolving teams.

Stay Prepared and Protected

Stay compliant, reduce risk and protect residents — and your operations — day in and day out.

Respond with Confidence

Resolve issues quickly and keep operations moving to deliver consistent quality care.

2 in 3

prospective residents and caregivers would leave a community if it did not maintain a consistent level of cleanliness.¹

96%

of decision-makers rank cleanliness as an important factor in choosing a community.²

Every system supports a person.

People Safety

- Support and guidance informed by the latest public health expertise.
- Food safety, infection prevention, emergency preparedness and hand hygiene programs.
- EPA-registered disinfectants and sanitizers.
- Closed-loop dilution systems and solid format chemistry.

Resident Satisfaction

- Spaces that are clean and comfortable.
- Clean, fresh linens that are soft and skin friendly.
- Elimination of tough odors, such as body odor and urine.

Our expert support teams are ready to help.

Ecolab experts are there for you, either in person or virtually. When pressure's high, fast access to guidance and clear escalation pathways mean you can be confident you'll get the assistance you need to protect residents, staff and your operations.

Solutions designed to support senior living.

Operational Efficiency

- Standardized programs and executions, across shifts and communities.
- Simplified workflows that reduce training burdens.
- Programs designed to minimize waste and reduce water and energy usage.

Compliance and Readiness

- Access to regulatory and technical experts.
- Guidance on CMS and state regulations.
- Documentation support, survey preparedness and inspection assistance.

Our integrated systems support every part of your community.

Ecolab has science-backed chemistry, digital tools and innovative equipment, all working together to help ensure clean, safe and comfortable spaces for residents, staff and visitors across your community.

Partner with us to help keep residents and staff safe and satisfied.

See for yourself how Ecolab can support the high level of care you deliver for the residents who rely on you.
