

FSMA & YOU

ECOLAB, YOUR PARTNER IN FOOD SAFETY SOLUTIONS

FSMA: What **you** need to know

▶ **WHAT** is FSMA?

The Food Safety Modernization Act is a **public health and food safety law from the U.S. Food and Drug Administration (FDA)** focused on prevention to avoid contamination and lower the risk of food safety emergencies.

▶ **FSMA & HACCP:** Understanding the **NEW RULES**

HACCP focuses on **preventing & eliminating potential** food safety hazards.

The new FSMA rules are designed to **fill the gaps found in Hazard Analysis & Critical Control Points (HACCP).**

FSMA **broadens the scope** of the hazard analysis by also addressing food safety hazards – **including those inherent in raw materials, ingredients and the facility itself.**

FSMA & YOU

▶ **HOW** does it impact you?

Under FSMA, you'll need to:

- Develop/implement a 3 year food safety plan
- Provide documentation of your plan
- Maintain monitoring records of ongoing progress and compliance
- Implement & monitor current Good Manufacturing Practices (cGMPs)
- Provide proof of hygienic practices
- Provide proof that sanitation and chemistry is manufactured/delivered under controlled conditions
- Report contamination issues/incidents

- Document training

▶ **HOW** can **Ecolab** help?

We can provide:

- FSMA/Preventative Controls Qualified Individuals (PCQI) Training
- Over 400 cleaning procedure examples
- Pest Elimination Plan
- Letters of guaranty, product sheets, case studies & more
- Validation support
- 3D TRASAR™ CIP optimization program for 24/7 monitoring and data documentation
- Cleaning & sanitation programs/services
- ATP Testing Solutions and Service Report documentation
- Supply Chain Quality System information and regulatory support
- Technical expertise
- Online and on-site training opportunities

ECOLAB DIFFERENCE

From cleaning & sanitation to pest elimination to water performance services, we provide a unique combination of world-class service, total impact solutions and unsurpassed industry expertise to help navigate regulations.
