- ▲ Patent-protected anti-mist technology

.....

Effective on: Stove Hoods,
Ovens, Broilers, Floors, Deep
Fat Fryers, Greasy Vents,
Melamine Surfaces, Grills and
Kitchen Equipment.

.....

Greasecutter Plus™ is a heavy-duty cleaner and degreaser that features an advanced, non-butyl formula and superior surfactants that quickly dissolve and suspend even the greasiest food soils. It provides fast, effective clean-up with less streaking and smearing than conventional degreasers and it won't discolor stainless steel surfaces.

DIRECTIONS:

1. Spray Greasecutter Plus onto the surface to be cleaned.
2. Allow Greasecutter Plus to penetrate grease deposits for 15 minutes, depending on the thickness of the deposit.
3. Wipe off dissolved and loosened grease with a damp cloth.
4. Rinse surface with clear water.

NOTES:

Wear goggles, rubber gloves and long sleeved garments when using this product. Greasecutter Plus works faster when applied to a warm (120° F) surface. Do not use on aluminum or painted surfaces. Only use full strength in a spray bottle application.
