Cleaning Solutions for Hotels That Welcome Pets

Create Exceptional Experiences for All Guests

Guests rank the smell of their rooms and the overall cleanliness among the most important attributes contributing to their satisfaction.[1]

- Enable labor efficiencies with simple procedures and training on cleaning protocols related to pet guests
- Help promote pet safety by killing pathogens that cause Canine Parvovirus and Canine Distemper Virus[2]
- Help protect your assets through effective stain removal and odor elimination
- Reduce the number of products needed through streamlined procedures and use of multi-purpose solutions

Kill Pathogens

Rapid Multi Surface Disinfectant Cleaner quickly kills pathogens left behind by pets on hard surfaces, and disinfects soft surfaces[3], protecting staff, guests and other pets.

Help Eliminate Odors

Turn rooms quicker by using this fast acting odor eliminator daily to biodegrade pet odors, such as urine, from hard surfaces, carpet, furniture and upholstery.

Tackle Stains

Help extend the life of your assets and minimize labor with simple, effective stain removal products for carpets, upholstery and linens.

1 Source: Study conducted by AHLA December 2020.

2 When used according to the directions for use. EPA Reg. No. 1677-272 or 1677-273. Contact/Kill times for Rapid Multi Surface Disinfectant Cleaner:
- Norovirus, Canine Parvovirus, Canine Distemper: 30 sec at 4-6oz/gal. NOTE: Canine Parvovirus and Canine Distemper claims not approved in the state of California. Follow label directions for 5 min contact time.
- Murine Norovirus: 30 sec at 6oz/gal, 2 min @ 4oz/gal.

3 Claim approved by federal EPA. Soft surface disinfection and soft surface virucide are not approved in California. In California, please use soft surface sanitization application.

Promote a higher level of cleanliness and employee efficiency

Streamline Operations: Save time and simplify housekeeping with multi-purpose products and easy-to-follow procedures

Expert training and support: On-demand digital training and on-site support for efficient and consistent onboarding, cross-training and knowledge reinforcement
