

SAVE UP TO 4 HOURS A DAY* WITH A CUSTOMIZED PLAN

The **Ecolab Labor Savers**, a collection of nine incredibly effective, efficient products, help free up labor — up to 4 hours a day* — allowing the reallocation to other tasks so you can move on to what matters quicker.

*Savings of up to 4 hours is based on use of the entire Ecolab Labor Savers product line. Time and labor savings calculations for the products above are based on internal testing against average time of cleaning grill with grill brick, average time of cleaning fryer with boil-out method, average dish machine cycle time and number of wash cycles per year per location, average number of labels written per day per location, and average time of handwriting per label, and calculations compared with the following Ecolab baseline products: Pantastic™ Pot & Pan Detergent, TRUPOWER™ Dishmachine Detergent All Purpose, Oasis™ 146 Multi-Quat Sanitizer, Oasis™ 115 XP Extra Strength Floor Cleaner Concentrate, and Mikro-Quat™ Classic Liquid Disinfectant-Deodorant. These tests and calculations are performed according to industry standards and best practices. Individual experiences may vary based on usage, configuration, and other factors.
