

Make a Memorable Impression in Your Large Public Spaces

Enhance the guest experience starting with their first step in the door with air freshening from Ecolab's Large Space Air Freshener.

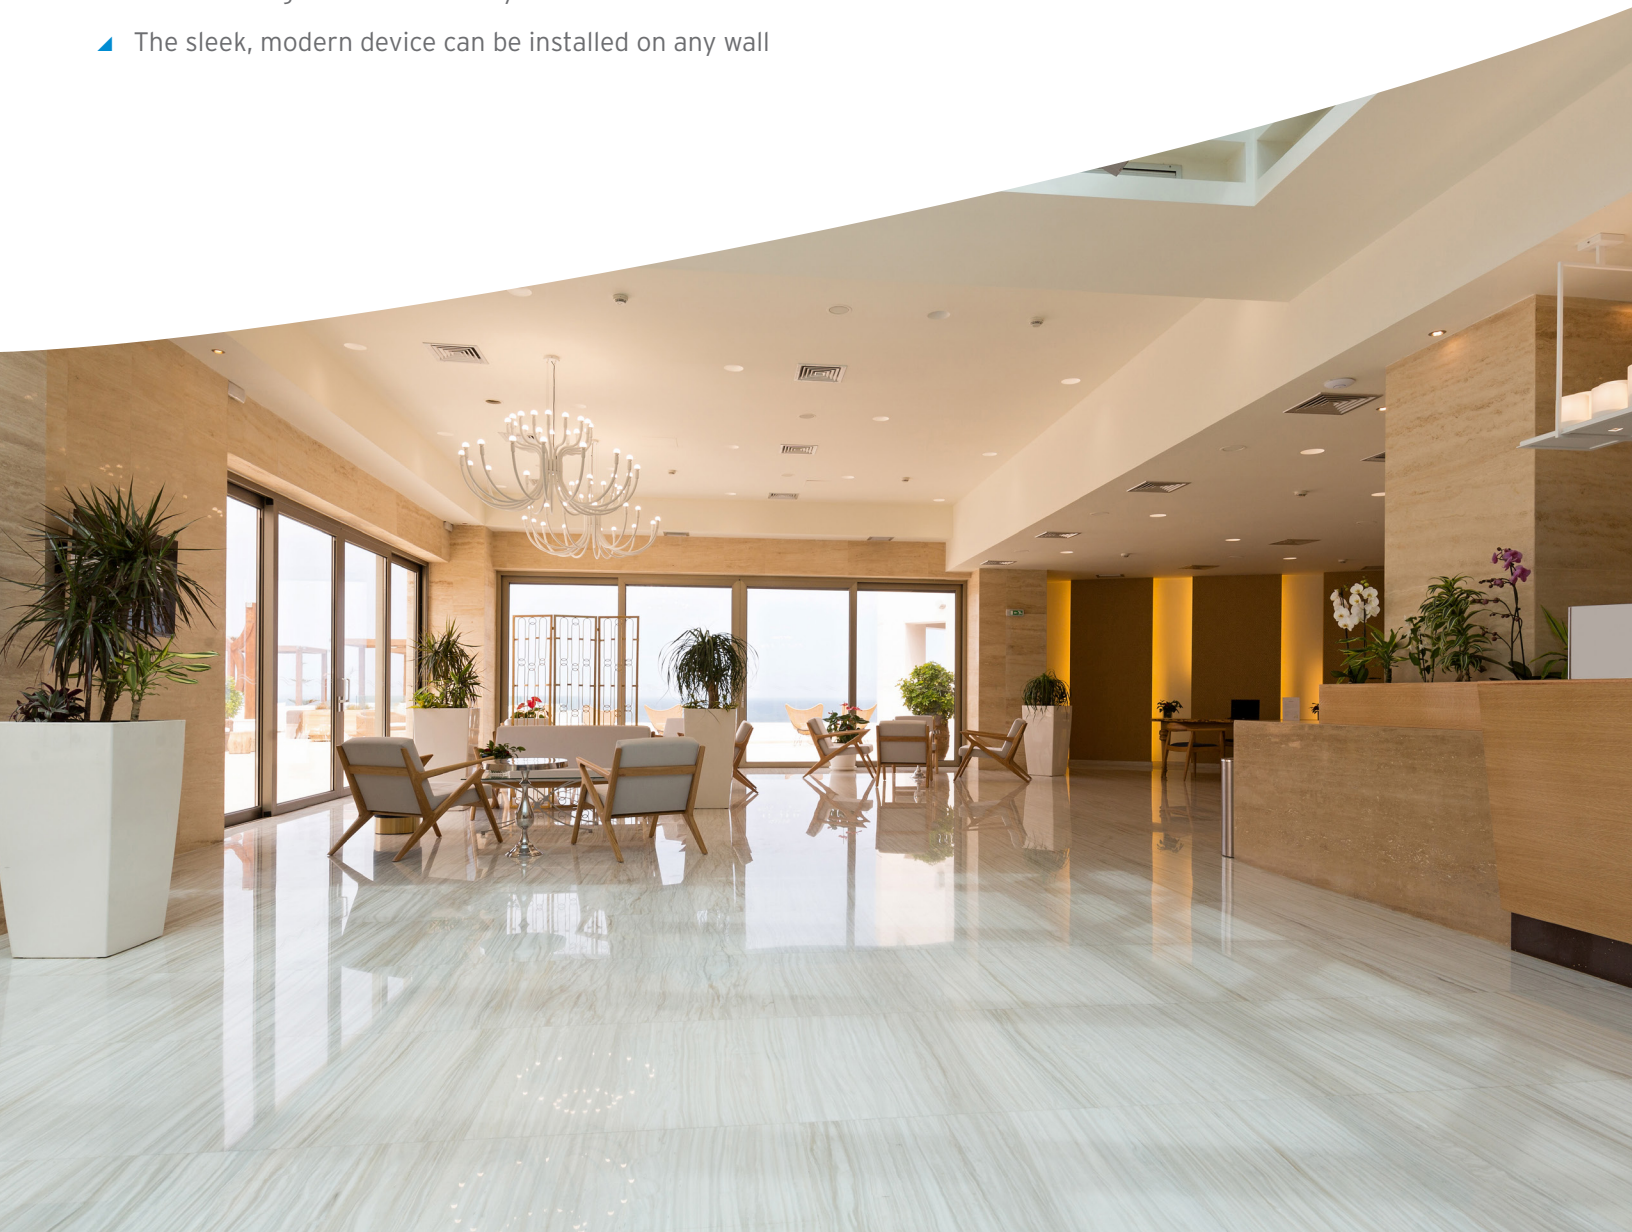

Welcome guests with an inviting, fresh scent

- ▲ Available in 4 appealing fragrance options
- ▲ Ideal for hotel lobbies, long-term care common spaces, commercial locations and private/public building receptions, hallways and event rooms

Simplify odor control with consistent and reliable fragrance delivery

- ▲ Exclusive and patented vibrating mesh technology gives scent particles increased air hang time (up to 8 hours) for uniform, long-lasting scent
- ▲ Each cartridge lasts 30 - 90 days
- ▲ The sleek, modern device can be installed on any wall

Control scent and
manage odors in spaces
2,000 - 18,000 cubic feet

When it comes to clean, the nose knows.

Research shows that **memories triggered by smell are often stronger than those triggered by sight.**¹ As a key factor in the perception of clean, what you smell when you enter a space leaves a memorable first impression – good or bad.

When that impression is bad, it's no surprise that odor is one of the top complaints from guests, residents or visitors.²

With the Large Space Air Freshener, experience a clean that passes the test.

A sleek and effective solution for your air care needs in large, shared spaces

Meet the Large Space Air Freshener.

Low-profile, modern design
