

Keep Surfaces Clean and Disinfected to Help Protect Staff, Guests and Your Reputation

Multi Purpose Disinfecting Wipes

A convenient, easy way for staff and guests to clean and disinfect high-touch point hard, non-porous surfaces in between uses to help reduce cross-contamination risk.

- ▲ EPA-registered disinfectant¹
- ▲ Effective against SARS-CoV-2 and Norovirus²
- ▲ Targeted application prevents overspray
- ▲ Perfect for high-touch hard, non-porous surfaces
- ▲ Pleasant lemon fragrance

**Kills 99.9% of
bacteria in just
15 seconds¹**

¹ EPA-Reg. No. 6836-340-1677.

² Kills SARS-CoV-2 in 4 minutes; kills Norovirus in 10 minutes.

Optimal solution for all types of facilities – for staff and guest use

Convenient disinfection and quick clean up on high-touch point hard, non-porous surfaces

- ▲ Door handles, railings and elevator buttons
- ▲ Keypads, credit card readers, touchscreen displays
- ▲ Desks, workspace areas and office equipment
- ▲ Shared exercise equipment
- ▲ Shared tables and hard surfaces on furniture

Easily clean high-touch point areas

Provide convenient cleaning and easy disinfection of shared equipment

Help reduce the spread of germs
