

Ecolab
Partner
Training

Online.
On site.
On task.

Together, we can create a higher standard of clean.

Set your employees and new hires up for success by partnering with Ecolab to offer CMI-certified training available on demand. The program is designed to meet your immediate and long-term business needs.

Retaining Employees

Ensuring Safety

Driving Satisfaction
and Consistency

ECOLAB®

Flexible Training That Fits Your Needs

However your employees prefer to learn, we've got them covered.

The Learning Lab

Access certified, interactive training modules on demand across multiple devices.

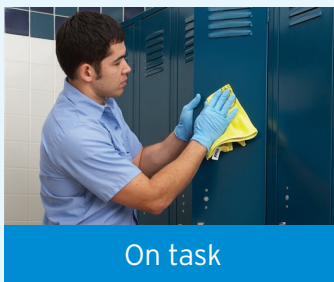

- Self-paced, interactive training designed by experts
- Suitable for all levels of employee expertise
- Video-based, in-depth instruction and cleaning techniques
- Extensive employee performance tracking and reporting
- CMI-certified to ensure high-quality, consistent performance

There when you need us

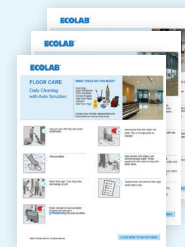

With an unmatched field force, Ecolab is the only company to offer nationwide on-site, in-person training.

- Tailored training specific to your needs
- Expert instruction on proper product usage and best practices
- Easy-to-request training available through the Ecolab Solution App

Tools to improve performance

Employees can download job aids and step-by-step procedure videos to ensure better consistency and efficiency.
