

Performance™ Industrial **XXL**
Patent Pending

Performance™ Industrial **XXL** **CLEAN, LIKE NEVER BEFORE**

Our new patent pending, soil removing technology includes dedicated surfactants that are specifically formulated to eliminate a variety of heavy-duty industrial soils.

Don't compromise your quality of clean. With Performance™ Industrial XXL from Ecolab, you get industrial-strength science and industrial-strength clean.

ECOLAB®

Performance™ Industrial XXL

A more efficient wash program that drives higher throughput and boosts plant capacity.

With lower alkalinity, a more efficient wash process and exclusive soil removing technology, you will:

- ▲ **Speed up the wash process**
- ▲ **Reduce rewash**
- ▲ **Extend linen life**
- ▲ **Save on labor and utilities**

Powerful clean across a broad range of garments

- ▲ **Colored Uniforms**
Safeguards colors on fabrics including spun poly and poly/cotton blends
- ▲ **White Uniforms**
Provides the highest cleaning standards to keep whites white
- ▲ **Corporate Uniforms**
Helps eliminate heavy-duty industrial soils
- ▲ **Safety Wear**
Thoroughly, yet gently, cleans and protects the safety properties of flame retardant garments and those with reflective tape

Safety Wear Before

**Safety Wear After Washing in
Performance™ Industrial XXL**

Performance™ Industrial XXL Product Line

Performance™ XXL Detergent	Highly concentrated detergent optimizes performance across a broad range of wash temperatures
Performance™ XXL Booster	Higher performing and improved soil dispersion properties result in excellent whiteness degree and color maintenance
Performance™ XXL Alkali	Highly concentrated, quick rinse alkali provides the cleaning power to remove industrial soils
