

Retail & Commercial Program

Helping to Ensure a Pest Free Environment for Retail and General Merchandise

Ecolab's **Retail & Commercial Program** is designed using IPM principles and uses a **holistic approach** to pest elimination that employs a combination of **preventative measures, monitoring, and targeted treatments** to minimize pest populations and their impact.

Key Program Highlights

- Ongoing **preventative risk evaluation** to identify and address potential pest problems before they arise
- **Documentation** of structural, sanitation, and pest findings to **track progress** and **ensure compliance** with regulatory standards
- **Digital tools** to access reports, findings, and other program information
- **Precise and targeted** deployment of equipment and preventative treatments

Program Benefits

- ✓ Helps **improve health and safety** for employees and customers
- ✓ **Reduces risk** of potential product loss and business disruption
- ✓ Enhances **brand protection** by helping to minimize the risk of pest-related incidents
- ✓ **Sustainable** pest management practices
