# Help optimise laundry cost and performance with Stainblaster™

- ▲ By reducing the need for rewashing and linen replacement, Stainblaster saves time, labour, energy, water and detergent whilst protecting your linen investment and lowering the total costs of your laundry operation.
- ▲ We specifically formulated the products in our StainBlaster line to be effective on the toughest and most common stains in laundries.
- ▲ The combination of innovative stain fighting chemistry and the correct procedures result in spot free linen and increased guest satisfaction.
- ▲ Don't wait until a problem arises, make sure you have the correct solution in place and make Stainblaster an integrated part of your laundry process.
- ▲ Unique method of application and viscosity of the formulas result in a more efficient removal of stains.

## Laundry Flow Cycle:

# The right training and support matter

## Service Personally Delivered

During regular service calls, Ecolab Territory Managers work alongside your teams:

- Service calls are recorded on the Ecolab tablet PC
- Checks, observations, recommendations and actions made at critical points
- On-site training to solve problems
- Reports summarised and presented to show observations and actions taken

...increase efficiency and simplify your operation
