

FURNITURE PRESERVATION SERVICE

Thermal EnclosureSM

Preserve Your Furniture with this Fast, Effective Service

The patented Ecolab **Thermal EnclosureSM** unit inflates and gently heats to a temperature that's lethal for all stages of bed bugs, but safe for your valuable furniture items.

EFFECTIVE, DISCREET PROCESS

- Unit is set-up and items are treated in the infested area
- Heating process is monitored to ensure proper temperature and duration
- Treated items are thoroughly inspected to ensure efficacy

Saves Time & Labor. Lowers Costs. Protects Your Reputation.

- ✓ Contains bed bug infestations to help prevent spread to adjacent areas
- ✓ Requires minimal power usage
- ✓ This product has been independently tested and certified for product safety

Protect Your Investment

A BED BUG SERVICE DESIGNED TO PRESERVE YOUR FURNITURE

The aftermath of a bed bug incident can be costly & time-consuming:

FURNITURE DISPOSAL

34%

FURNITURE REPLACEMENT

More than a third of an infestation expense can be attributed to furniture replacement alone (independent Ecolab data)

LOST REVENUE

while waiting to get the room back to being occupancy-ready

WE ARE COMMITTED TO A HIGHER STANDARD
